

Subject: A National Concern: Opposition to Wisconsin's SB477 & SB478

Dear [Committee Member's Name],

I am writing to you as a concerned citizen of [Your State]. While I may not be a constituent of your district, the proposed bills SB477 & SB478 in Wisconsin have garnered national attention for their potential ramifications on civil liberties, body freedom, parental rights, and constitutional safeguards.

Events like the World Naked Bike Ride are not confined to local interest but resonate with communities across the world. These events serve as peaceful protests and celebrations of body freedom. The bills in question threaten to set a legal precedent that could inspire similar restrictive laws in other states, thus impacting the rights of countless Americans, including myself.

Furthermore, these bills infringe upon the constitutional rights of free expression and assembly. They also unnecessarily restrict parental rights by making parents criminally liable for exposing their children to events where nudity may be present, undermining family autonomy.

The broad and vague definitions within these bills also risk stifling artistic and cultural expression, areas that have traditionally been safe havens for dialogue and critique of societal norms.

I respectfully urge you to consider these widespread and severe implications and advocate for the rejection of SB477 & SB478.

Sincerely,

[Your Name]
